Louisville, Ky.

Dear Sir:-

In reference to your inquiry concerning the dollar of 1884 struck in aluminum can only say this, that at about that time the mint did strike for experimental purpose various coins in aluminum. We could give you no idea whatsoever concerning its value without seeing the piece.

Very truly yours,

Curator.

Sta. E., Route 128,
Louisville, Kentucky.

Dear Sir:-

Your letter of the 14th came to hand, also your piece of 1884. This is a counterfeit dollar. I am returning it under separate cover.

Very truly yours,

Curator.

We think you must have joined the Association and not this Society.
